Prof. Edy Tri Baskoro

Editor in Chief Electronic Journal of Graph Theory and Applications

This is to certify that the following manuscript has been presented at the International Conference on Graph Theory and Information Security (ICGTIS) V 2022.

Name of the presenter: Eunike Setiawan,

Title of the paper: Further Results on Local Inclusive Distance Vertex Irregular Graphs,

Authors: Fawwaz Fakhurrozi Hadiputra, Eunike Setiawan, Denny Riama Silaban, Tita Khalis Maryati.

This cover letter is valid until July, 2nd 2022.

Sincerely yours,

Hilda Assiyatun (on behalf of Organizing and Program Committees)
